

Organisation roles

In addition to the [four project roles](#), organisations provide an additional **two** roles: **Org member** and **Org admin**.

- **Org members** can:
 - Add lines, stations and records to all projects within the organisation
 - View records and stations in all projects within the organisation
 - Run reports against all projects within the organisation
- **Org admins** can:
 - Do everything a project administrator can do, to any project within the organisation
 - Add and remove people from the organisation (and thus the member projects)
 - Change an organisation members role
