

Creating Lines from track logs

This is an effective method to create an exact line for your project. Generally it is better to use recorded tracks as only a starting point for creating lines as often they contain too much detail, and way finding errors.

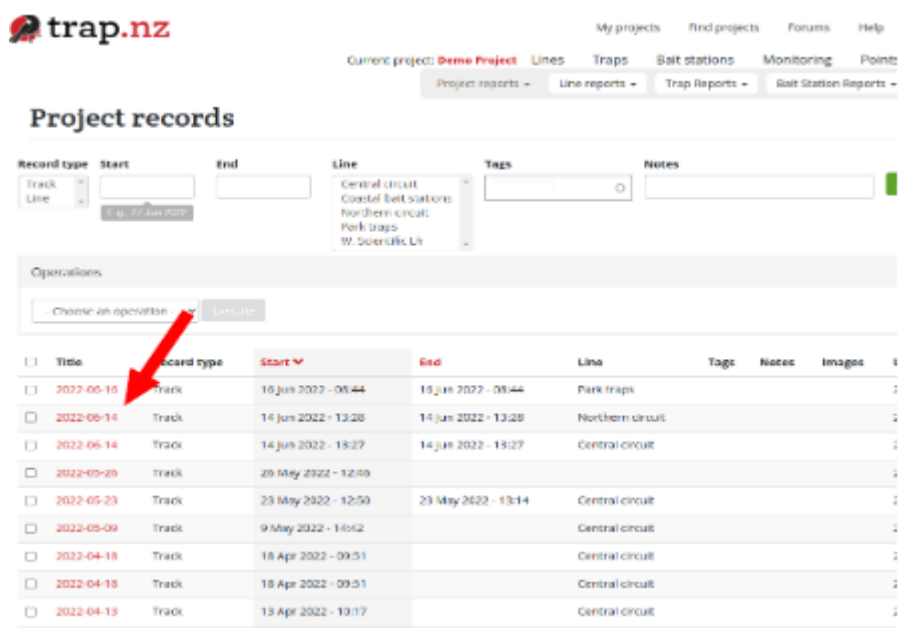

Creating Lines from track logs

If you have used the Walk a Line (proximity) function in the app, track logs will be listed in the [project records](#).

The screenshot shows the 'trap.nz' web interface. At the top, there's a navigation bar with links: 'My projects', 'Find projects', 'Forums', 'Help', 'My account', and 'Log out'. Below this, a secondary bar shows 'Current project: Demo Project' and tabs for 'Lines', 'Traps', 'Bait stations', 'Monitoring', 'Points of Interest', and 'Reports'. The 'Reports' tab is active, showing a dropdown menu with options: 'Project reports', 'Line reports', 'Trap Reports', 'Bait Station Reports', and 'Monitoring reports'. A red arrow points to the 'Reports' tab, another to the 'Project reports' dropdown, and a third to the 'Project records' link in the left sidebar under 'Project reports'. The sidebar also lists 'Manage project records'.

Select the track line you are wanting to create a track log from

The screenshot shows the 'trap.nz' web interface for 'Project records'. At the top, there's a navigation bar with links: 'My projects', 'Find projects', 'Forums', and 'Help'. Below this, a secondary bar shows 'Current project: Demo Project' and tabs for 'Lines', 'Traps', 'Bait stations', 'Monitoring', and 'Points of Interest'. The 'Project records' tab is active, showing a dropdown menu with options: 'Project reports', 'Line reports', 'Trap Reports', and 'Bait Station Reports'. The main content area has a form for creating a new record with fields for 'Record type', 'Start', 'End', 'Line', 'Tags', and 'Notes'. Below the form is an 'Operations' section with a 'Choose an operation' dropdown and a 'Execute' button. A table of existing records is shown below, with columns: 'Time', 'Record type', 'Start', 'End', 'Line', 'Tags', 'Notes', and 'Images'. A red arrow points to the first row of the table, which has a checkbox in the first column.

	Time	Record type	Start	End	Line	Tags	Notes	Images
<input type="checkbox"/>	2022-06-16	Track	16 Jun 2022 - 08:44	16 Jun 2022 - 08:44	Park traps			
<input type="checkbox"/>	2022-06-14	Track	14 Jun 2022 - 13:28	14 Jun 2022 - 13:28	Northern circuit			
<input type="checkbox"/>	2022-06-14	Track	14 Jun 2022 - 13:27	14 Jun 2022 - 13:27	Central circuit			
<input type="checkbox"/>	2022-05-26	Track	26 May 2022 - 12:49					
<input type="checkbox"/>	2022-05-23	Track	23 May 2022 - 12:59	23 May 2022 - 13:14	Central circuit			
<input type="checkbox"/>	2022-05-09	Track	9 May 2022 - 14:52		Central circuit			
<input type="checkbox"/>	2022-04-18	Track	18 Apr 2022 - 09:51		Central circuit			
<input type="checkbox"/>	2022-04-18	Track	18 Apr 2022 - 09:51		Central circuit			
<input type="checkbox"/>	2022-04-13	Track	13 Apr 2022 - 13:17		Central circuit			

It will then display as a map with your track on it

Click on the edit tab and the coordinates will show in the data field, copy the coordinates

Select lines - [Add line](#)

Place the copied GPX coordinates in the data field

Select "Place line using GPX file"

Save the line

Note: if the file has created with speech marks at the beginning and end these will need to be removed before the file will work properly.
