Notes		

 Installation details

Date

Defaults to the current date and time. Tap it to change it.

**Species caught**

Select a species from the list or leave as None.

**Trap status**

Select a status from the list.

**Condition**

Select a maintenance condition from the list.

**Re-baited**

If you re-baited the trap, check this box and select the bait type from the list.

**Bait notes**

If you used a bait type which is not on the list you can note it here.

**Notes**

Add any notes about the check here.

**Installation details**

Tapping this will display additional details about the installation and display the "Add collocated installation" button. This allows you to create another installation at the same location. You can pin this open by checking the Display installation details checkbox in [General settings](#).
